

International Iran Conference on Quantum Information

7 - 10 September 2007, Kish Island, Iran

Homepage: <http://iicqi.sharif.ir/>

- Quantum Information Theory
- Quantum Computing, Algorithms and Protocols
- Quantum Communication, Cryptography and Networks
- Implementations of Quantum Information
- Topological Quantum Computing
- Entanglement and Simulation of Condensed Matter Systems
- Decoherence and Quantum Error Correction

Organizing Institutes :

Sharif University of Technology

Institute for
Quantum Information Science
at the University of Calgary

Speakers:

S. D. Bartlett (University of Sydney)
 S. Bose (University College, London)
 G. Brennen (University of Innsbruck)
 A. Cabello (University of Seville)
 B. Coecke (University of Oxford)
 V. Danos (CNRS, France)
 V. Giovannetti (SNSP, Italy)
 M. A. Jafarizadeh (University of Tabriz)
 E. Kashefi (Oxford University)
 L. Maccone (University of Pavia)

S. Mancini (University of Camerino)
 D. Markham (University of Tokyo)
 M. Nakahara (Kinki University)
 J. -W. Pan (University of Heidelberg)
 M. B. Plenio (Imperial College)
 T. Rudolph (Imperial College)
 B. C. Sanders (University of Calgary)
 A. M. Steinberg (University of Toronto)

Organizing Committee:

Vahid Karimipour (SUT)- Co-chair
 Martin Plenio (Imperial College)
 Azam Irajizad (SUT)

Barry Sanders (University of Calgary)- Co-chair
 Ali Rezakhani (University of Calgary)
 S. R. Mousavi (Kish University)

Sponsors :

Kish Free Zone Organization

Graphic Designer: S. Alipour
